MAKE-UP

Great make-up should complement and enhance your skin and hair tones, and reflect your personality (and lifestyle). Sometimes this requires squeezing a 40 minute make-up and skincare regime into four minutes, and at other times (like a special event) it requires a professional application to ensure you look your best.

Because of this, we've tailored our make-up consultations to create a flawless look that's perfectly suited to you – and we can also teach you how to create that perfect look yourself!

- **Personalised Make-up Lesson**
40min – \$40
(redeemable with make-up purchase)
- **Party Make-up Application**
approx 45min – \$75
- **smiink Lash Application** \$10
